

COME ON HOME

Zanuck Lindsey, Lopaka Ho'opi'i, Staci Karasaki

**Got a call for a job with a payday I couldn't refuse
I threw my family in a suitcase
Like there was nothing to lose
Didn't stop for a second to see what
We were leaving behind
Sometimes when you chase your dreams
You go running blind**

**But its not the same
The new boss can't pronounce my name
Then a voice deep in my soul cried out to me
Come on home to the food, to the balmy weather
Hawaiian music we can sing together
White sandy beaches and fresh plumeria lei**

**Come on home to the food, to the balmy weather
Hawaiian music we can sing together
White sandy beaches and fresh plumeria lei
It's been ten years since you went away
Just come on home**

**My best man Stan said he missed us round the old neighborhood
Made me wonder if all I had was all that good
We decided the time had come to head on back
Sometimes when you go full circle just to get on track**

**Give me peace of mind
To kick my shoes off and unwind
Then listen to that voice telling me**

Chorus

**Come on home to the food, to the balmy weather
Hawaiian music we can sing together
White sandy beaches and fresh plumeria lei
We'll have a good time on a sunny day
Wouldn't want it any other way
You know I'm here to stay I'm coming home**
