

Good Friends

Kimo Artis, Kalanikai Artis & Zanuck Lindsey

**Some things in life, we can't deny
Like gettin' older, or sayin' goodbye
Though I'm sad to see you go
Here's one thing I need you to know**

**Give the world your aloha smile
Just like you've given me, you see...**

**We'll always be good friends
It doesn't matter what's around the bend
We'll always be good friends
It's so nice to find good friends...like you**

**Now we've made memories, oh so fine
You've brought joy to this heart of mine
They'll be days when you feel alone
I'm right there by the telephone**

**And if you just want to reminisce
You know you can call on me, I'm sayin' ...**

**We'll always be good friends
It doesn't matter what's around the bend
We'll always be good friends oh yes we will
It's so hard to find good friends, oh like you**

**Seasons come and seasons go
I'll keep you close to my soul
Take it slowly down that winding road
Goodbye for now, a hui hou**
