

OLD SCHOOL

Zanuck Lindsey, Staci Karasaki

**Don't drive a fancy Cadillac
My Betsy gets me here and back
Don't DVR my MTV
New music don't appeal to me
Never worried about being cool
'Cuz baby-girl, I'm Old School**

**If I can't sing the melody...
Your song won't mean a thing, you see
If you can't look me in the eye
You must be telling me a lie
All you kids can ridicule
But baby-girl, that's Old School**

**Material things can't replace
Heart and Soul, an honest face
Can't forget the Old School ways
Tried and true, still good today**

**For 30 years, we've been content
I make her smile and pay the rent
Don't give her reason to doubt
When life gets tough, we work it out
She's my Queen and I'm her fool
Now baby-girl, that's Old School**

**Blood, sweat, and loyalty
Solid like a redwood tree
From Honoka'a to Timbuktu
Here's all you'll ever need to do**

**Forget about the latest trends
Be yourself and don't pretend
Get back to basics for a while
Work on going the extra mile
Respect and honor as a rule
Oh baby-girl, that's Old School**
